THE VISIT

How well do you know Kensington?

Its parts are as delightful as London can provide: Europe's most select residential street; warmly handsome old Kensington Palace; Kensington Gardens; London's most attractive and unusual mews; its most delightful cul de sac; cobbled lanes with pretty cottages and charming old shops; regal avenues, beautifully kept squares and small gardens; a clutch of the world's greatest museums.

THE PROGRAMME

Join us on our 'Kensington - Royal Village' walk in the fresh autumn air, led by an expert London Guide. Learn of Kensington's history, hear how the area developed and how housing styles changed through the times. Find out about famous people who lived there, see secret gardens, some grand addresses together with mews cottages hidden in back streets.

The walk will take about two hours and will take place – rain or shine.

Please assemble at 1.20 PM at the Exit of High Street Kensington (Circle/District) tube station, **(meet by the Wasabi restaurant at the end of the shopping arcade that links the station with the High Street).** The walk ends here too.
